# Hawco Products Ltd.

## DEFENCE AGAINST THE SPREAD OF INFECTION

Listed with Health Canada for use against COVID-19

### Best Seller

**SANISPRAY** is designed specifically as a general non-acid cleaner and disinfectant for use in hospitals, nursing homes, schools, hotels and restaurants as well as for use in industrial and institutional food processing establishments. It is formulated to disinfect hard non-porous, inanimate surfaces. A rinse with potable water is required for surfaces in direct contact with food.

**Ready to use**

**SANI 160** is a phosphate-free cleaner disinfectant designed for general household use, schools, food processing plants and light industrial and hospital applications where housekeeping is of prime importance in controlling the hazard of cross contamination. When used as directed, this product is formulated to disinfect inanimate hard surfaces.

Concentrate: Dilute 25.5ml per liter of water

**NEO-SAN II** is designed specifically for hospitals, food processing plants, restaurants, bars, animal quarters, kennels and institutions where disinfection, sanitization and deodorization is of prime importance.

Concentrate: Dilute 5.5ml per litre of water

# MOTOROLA RADIOS IN THE HOSPITALITY & RESTAURANT INDUSTRY

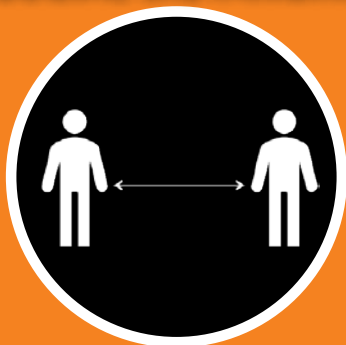

**MOTOROLA**  
SOLUTIONS

As the provinces start to allow businesses to reopen, you will most likely be facing new operating procedures. Dealing with store capacity restrictions, line-ups outside, curbside pickup, training of new employees and physical distancing are all situations that will have a new norm.

## SOCIAL DISTANCING

Two-way radios allow employees to communicate at a safe distance.

This is great for training at a distance and also provides stationary positions like hosts who cannot move around, a tool to get the answers they need quickly.

## EMERGENCY RESPONSE

Two-way radios allow all staff to communicate instantly and discreetly during an emergency.

## KEEP STAFF CONNECTED

Two-way radios provide communication between the front and back of the house. This allows for seamless management of outside line-ups/curbside pickups.

It also allows staff to easily coordinate take-out/pick-up orders.

## JUST LAUNCHED! BRAND NEW CLP1083e

- Compact and easy to use form factor
- Easy twist and lock mechanism with its earpiece connector, designed to preserve the life of your earpiece
- Over-the-ear single pin earpiece now equipped with varying sized, interchangeable eartips - great for use with multiple users\*

\*CLP Radios come with required push-to-talk earpiece

## DLR DIGITAL RADIO

- Antimicrobial Housing
- DLR Radio is ISSED Licence FREE!

**For additional radio options, support and to place an order, please contact your local R.E.D. Vendor.**

It is unlawful to operate most radios in Canada without an ISSED Licence. We have licence free solutions approved by ISSED.
